## **REASONS FOR ALLOWANCE**

### ***Response to Arguments***

1. Applicant's arguments, see Remarks/Arguments filed August 23, 2006 with respect to the 112 1<sup>st</sup> paragraph rejection regarding the lack of support for a security level for a fact stored as metadata in the database have been fully considered and are persuasive. The 112 1<sup>st</sup> paragraph rejections of claims 1 and 8 have been withdrawn due to the arguments received on August 23, 2006.

2. Claims 1-14 are allowed.

3. The following is an examiner's statement of reasons for allowance:

4. The above mentioned claims are allowable over the prior art because the CPA (Cited Prior Art) of record fails to teach or render obvious the claimed limitations in combination with the specific added limitations, as recited in independent claims 1 and 8, and subsequent dependent claims.

5. The CPA does not explicitly disclose a method or a computer-readable medium which restricts access to information in a dimensional database, wherein the dimensional database contains dimension tables, fact tables, and metadata describing the fact tables, wherein the security level for the at least one fact is stored as metadata in the database, which is used to designate which facts the requestor is permitted access.

Art Unit: 2131
